The nodes are scattered across the frame, with a higher density in the upper right quadrant. The lines connect these nodes, creating a web-like structure.

# What is a Virtual Singing Masterclass?

In each class you will have the opportunity to sing and share songs in your intimate group, or if you prefer simply listen. You will then be coached by myself and receive positive feedback in how to practise and improve in preparation for a virtual performance! Everybodys input will be welcome! As the weeks progress, I will encourage you to contribute more to the coaching, this will help further your knowledge of singing and performing and of course you will be encouraged to practise, compose and learn at home all the songs in between our sessions.

#### CHOOSE YOUR'E GROUP -

Class A : **BEGINNERS** - Juniors & Seniors

Class B : **JUNIORS** – Primary KS2 & Over

Class C : **SENIORS** – Secondary & Over

You will be placed in groups between **four** and **six** with similar ages and /or ability. This could consist of friends that share the same love of singing or new singing buddies that could make friends for life! We will work altogether as a team and depending on level, learn in more detail about the vocal mechanism, find song choices to match each individuals voice, learn how to write youre own song/duet and finally plan a '**VIRTUAL**' recital sharing a selection of what we have worked on to perform '**LIVE**' infront of eachother and our families at home at the end of the Summer Holiday!

These Online Vocal Masterclasses will offer all of us a stimulus & output to express ourselves musically during the very long Summer Holidays!

We will have fun exploring the wonderful world of singing, composing and performing with our friends and like-minded people. Each student will be given the opportunity to learn, develop and grow, increasing their confidence especially **online** and improving their general skills for life.

To finish, they will then unite these skills and complete their course showcasing their very own personal **'VIRTUAL'** performance, singing a solo or duet with their friends, creating a stage and in costume, singing **'LIVE'** in front of their intimate group and families including their grandparents and others that might be shielding, in the comfort of their home!

We will be the audience, dress up for the occasion and offer our support and applause in appreciation for all their efforts!

**PRIZES WILL BE POSTED TO:**

**'The Best Performance'**  
**'Most improved'**

**PLUS**

**They will all receive a Masterclass Certificate ☺**
